APPLIED MATERIALS ANNOUNCES THIRD QUARTER 2025 RESULTS

- *Record revenue \$7.30 billion, up 8 percent year over year*
- *GAAP gross margin 48.8 percent and non-GAAP gross margin 48.9 percent*
- *GAAP operating margin 30.6 percent and non-GAAP operating margin 30.7 percent*
- *GAAP EPS \$2.22 and record non-GAAP EPS \$2.48, up 8 percent and 17 percent year over year, respectively*

SANTA CLARA, Calif., Aug. 14, 2025 — Applied Materials, Inc. (NASDAQ: AMAT) today reported results for its third quarter ended Jul. 27, 2025.

“Applied Materials delivered record performance in our third fiscal quarter, and we are on track to deliver our sixth consecutive year of revenue growth in fiscal 2025,” said Gary Dickerson, President and CEO. “We are currently operating in a dynamic macroeconomic and policy environment, which is creating increased uncertainty and lower visibility in the near term, including for our China business. Despite this, we remain very confident in the longer-term growth opportunities for the semiconductor industry and Applied Materials.”

“We are expecting a decline in revenue in the fourth quarter driven by both digestion of capacity in China and non-linear demand from leading-edge customers given market concentration and fab timing,” said Brice Hill, Senior Vice President and CFO. “We are navigating and adapting to the near-term uncertainties by leveraging our robust supply chain, global manufacturing footprint and deep customer relationships.”

Results Summary

Business Outlook

Applied's total net revenue, non-GAAP gross margin and non-GAAP diluted EPS for the fourth quarter of fiscal 2025 are expected to be approximately as follows:

	<u>Q4 FY2025</u>	
<i>(In millions, except percentage and per share amounts)</i>		
Total net revenue	\$ 6,700	+/- \$ 500
Non-GAAP gross margin	48.1 %	
Non-GAAP diluted EPS	\$ 2.11	+/- \$ 0.20

This outlook for non-GAAP diluted EPS excludes known charges related to completed acquisitions of \$0.01 per share, and includes a net income tax benefit related to intra-entity intangible asset transfers of \$0.04 per share, but does not reflect any items that are unknown at this time, such as any additional charges related to acquisitions or other non-operational or unusual items, as well as other tax-related items, which we are not able to predict without unreasonable efforts due to their inherent uncertainty.

Use of Non-GAAP Financial Measures

Applied provides investors with certain non-GAAP financial measures, which are adjusted for the impact of certain costs, expenses, gains and losses, including certain items related to mergers and acquisitions; restructuring and severance charges and any associated adjustments; impairments of assets; gain or loss, dividends and impairments on strategic investments; certain income tax items and other discrete adjustments. On a non-GAAP basis, the tax effect related to share-based compensation is recognized ratably over the fiscal year. Reconciliations of these non-GAAP measures to the most directly comparable financial measures calculated and presented in accordance with GAAP are provided in the financial tables included in this release.

Management uses these non-GAAP financial measures to evaluate the company's operating and financial performance and for planning purposes, and as performance measures in its executive compensation program. Applied believes these measures enhance an overall understanding of its performance and investors' ability to review the company's business from the same perspective as the company's management, and facilitate comparisons of this period's results with prior periods on a consistent basis by excluding items that management does not believe are indicative of Applied's ongoing operating performance. There are limitations in using non-GAAP financial measures because the non-GAAP financial measures are not prepared in accordance with generally accepted accounting principles, may be different from non-GAAP financial measures used by other companies, and may exclude certain items that may have a material impact upon our reported financial results. The presentation of this additional information is not meant to be considered in isolation or as a substitute for the directly comparable financial measures prepared in accordance with GAAP.

Webcast Information

Applied Materials will discuss these results during an earnings call that begins at 1:30 p.m. Pacific Time today. A live webcast and related slide presentation will be available at <https://ir.appliedmaterials.com>. A replay will be available on the website beginning at 5:00 p.m. Pacific Time today.

Forward-Looking Statements

This press release contains forward-looking statements, including those regarding anticipated growth and trends in our businesses and markets, industry outlooks and demand drivers, technology transitions, our business and financial performance and market share positions, our capital allocation and cash deployment strategies, our investment and growth strategies, our development of new products and technologies, our business outlook for the fourth quarter of fiscal 2025 and beyond, and other statements that are not historical facts. These statements and their underlying assumptions are subject to risks and uncertainties and are not guarantees of future performance. Factors that could cause actual results to differ materially from those expressed or implied by such statements include, without limitation: the level of demand for our products; global economic, political and industry conditions, including changes in interest rates and prices for goods and services; the implementation of additional export regulations and license requirements and their interpretation, and their impact on our ability to export products and provide services to customers and on our results of operations; global trade issues and changes in trade and export license policies and our ability to obtain licenses or authorizations on a timely basis, if at all; imposition of new or increases in tariffs and any retaliatory measures, including their impact on demand for our products and services; our ability to effectively mitigate the impact of tariffs; the effects of geopolitical turmoil or conflicts; demand for semiconductor chips and electronic devices; customers' technology and capacity requirements; the introduction of new and innovative technologies, and the timing of technology transitions; our ability to develop, deliver and support new products and technologies; our ability to meet customer demand, and our suppliers' ability to meet our demand requirements; the concentrated nature of our customer base; our ability to expand our current markets, increase market share and develop new markets; market acceptance of existing and newly developed products; our ability to obtain and protect intellectual property rights in key technologies; cybersecurity incidents affecting our information systems or information contained in them, or affecting our operations, suppliers, customers or vendors; our ability to achieve the objectives of operational and strategic initiatives, align our resources and cost structure with business conditions, and attract, motivate and retain key employees; the effects of regional or global health epidemics; acquisitions, investments and divestitures; changes in income tax laws; the variability of operating expenses and results among products and segments, and our ability to accurately forecast future results, market conditions, customer requirements and business needs; our ability to ensure compliance with applicable law, rules and regulations and other risks and uncertainties described in our SEC filings, including our recent Forms 10-Q and 8-K. All forward-looking statements are based on management's current estimates, projections and assumptions, and we assume no obligation to update them.
